Dear Mr Row

### 2012/13 Season League & Competition programme.

Thank you very much for your kind donation of £150.00. As this is not the first time you have supported us you clearly understand the importance of our work and our need for the support of the local community. It is people like you who enable us to continue our work caring for local people and their families – thank you to all who contributed.

The team here at Myton – around 250 staff and 800 volunteers – are all working towards the same goal. We aim to care for everyone who walks through our doors, whether they are a patient, a family member or a friend. Whatever the reason for their visit, they are certain to be facing one of the most difficult times of their life, because they or someone they love has a terminal illness.

We do whatever we can to make their journey easier and less frightening. One of the most important things is spending time with people. At The Myton Hospices, because we are an independent registered charity, we have the time to talk to them and listen to what they have to say.

Once again, thank you for helping us to help our patients and their families.

Yours sincerely

Lisa O'Sullivan  
Donor & Supporter Care Team

a special kind of care
