Fixture Date: Due to the 'flexible availability' of players the Fixtures shown above are a 'rough guide' to the matches played and yet to be played. Fixtures will be played upon the availability of both players on the night, and interspersed with any outstanding Cup matches.

Start Times: The start times are a rough guide, and will occasionally be altered by 'non-35 minute' Cup matches being played before a Fixture. The two games for each time slot will have their table allocated randomly.

Handicaps: The Handicaps (H/C) shown above are the starting values to be used in Morris Trophy games. (Refer to website for current H/C.) Each Morris Trophy win will result in a 5 point reduction to a Handicap, a loss will cause 5 points to be added to the Handicap. No Handicap will be reduced below 0 nor increased above 150.

Challenge Game: GB will be entered for a Challenge Game each week (if only one 35 minute game played), and anyone else who has not yet played. All other Challenge players will be selected randomly from those present on the night.
